

Gateway to the Paranormal

presents:

EVPS, GHOSTS and GHOULIES

Wednesday, October 24 @ 7:00 PM, Paul Memorial Library
Newfields, NH

For your Halloween pleasure, Lynne and Willy will present stories based on Lynne's book: *Gateway to the Paranormal*. The presentation includes evidence garnered from their various investigations as members of Spirit Chasers Paranormal when they experienced ghosts, unexplained phenomena, and voices from beyond captured on their recorders.

This Spooktacular Adventure covers the seacoast towns of Kittery, Hampton and Rye, plus East Kington and some other locales.

- Willy will present research on Electronic Voice Phenomena (EVPs).
- You'll hear disembodied voices and other sounds from a by-gone era.
- You'll make the acquaintance of two ghosts from the James House Museum in Hampton, NH: one doesn't like You in his house; the other doesn't like kids!
- You'll meet the dark entities from the cellar of a New England business,
- And get creeped out by dream visitations: The Black Hands and the Hooded Cloaked figure, and more...

Lynne and Willy host Spirit Radio - the Paranormal Experience on WSCA Portsmouth Community Radio, 106.1 FM, on Wednesday 10 to 11 PM. Willy is also Founder of Spirit Chasers Paranormal in Hampton, NH. Both participate in paranormal investigations as well as raise money for non-profits through presentations such as this. These are their stories.
